

NATIONAL SHOOT AT CAMP PERRY

Utah National Guard Rifle
Team Will Leave for Con-
test Grounds Today.

STRONG TEAM TO COMPETE

CRACK SHOT OF MILITIA MAY
MAY NOT PARTICIPATE.

At noon today the Utah National Guard rifle team will leave Salt Lake in a special car over the Oregon Short Line for Camp Perry, O., to take part in the national shoot of the rifle teams of each state in the union, held by the war department to develop crack shots among the national guard men throughout the country.

Just who will compete on the team as the twelve men are not yet known. It is not known whether E. Van Cott of the First battery, who won the state championship medal, will be one of the team. But if he goes, there will be fifteen men. If not, only fourteen. The team as picked for the national meet at Camp Perry is as follows:

Sergeant Major Nelson, Second battalion; Private L. W. Wire, First battery, Salt Lake; Sergeant C. S. Gardner, H. company, Salt Lake; Captain C. H. Arns, adjutant, First regiment, Salt Lake; Lieutenant Max Brown, First battery; Colonel C. H. Plummer, First regiment, Salt Lake; Corporal W. Wilson, signal corps, Salt Lake; Corporal H. E. Anderson, H. company, Salt Lake; Private A. L. Euchmann, F. company; Private J. W. Furell, J. company; Corporal J. H. Lambert, First battery, Salt Lake; Private J. Henrie, F. company; Manti, Corporal, signal corps, Salt Lake; and Lieutenant G. R. Lawrence, B. company, Ogden.

No Alternates Named.

No alternates have been named, but these will be chosen when the rifle experts of the guard have shown what they can do on the range at Camp Perry. The twelve men making the best showing at Camp Perry will be the Utah team and the two remaining will be made alternates. The Utah boys will have two days of practice on the Camp Perry range before the start of the national shoot on Aug. 23 and 24. It may be that the national meet will last a few hours on Aug. 25, but most of the events will be out of the way on the second day, and most of the Utah men will leave then either for home or for some places of interest in the east. They will be accompanied by a standard Pullman sleeper and will remain in this car all the way to camp. It will be for the team alone and will afford ample room for all.

Accompanying the team will be Adjutant General E. A. Wedgwood as captain, Major W. G. W. and Captain J. H. and Fred Kammerman of the second battalion as spotter.

All during the encampment of the Utah National Guard the members of the rifle team have been busy on the Fort Douglas range and have been making some remarkable records. Utah will compete in the C class at Camp Perry this year, owing to the showing a year ago, when Utah sent her first team east. Utah was nearly the last one in the list then, but from the shooting done by the men this year it is certain that the Utah state will hang up a few good records at the national meet and will probably graduate from the C class teams.

LABOR UNIONS WILL CELEBRATE

September 6 Will Be Time of
Big State Outing of the
Workers.

Wide observance in Salt Lake, numerous unions from the mining camps and other sections of the state having accepted the invitation of the Salt Lake Federation of Labor to join them in the annual parade. At a meeting held yesterday morning at Federation hall, 25 unions represented, plans in the rough for the celebration of the day were made. J. E. Munson and J. H. Higham, delegates appointed to visit the surrounding mining camps and extend the official invitation to all unions, whether affiliated with the Salt Lake Federation or not, reported that delegates from the Western Federation of Miners from Brigham, Park, Bunka, Silver Lake, Mammoth, Park City and other places would be present. The labor unions at Ogden and Provo have also signified their intention of sending large delegations to take part in the parade here, thus giving it the character of a state observance of the day.

It was decided to ask the city and county officials to have the streets cleared for the big parade which will start from Labor hall at 10 a. m. September 6. There will be 30 union floats in the parade; with the floats will be eight divisions with a band heading each division. The police and fire departments will be asked to take part. The official program of the day following the parade will be held at the Salt Palace, where sports of the day will be a program of sports will fill out the afternoon. For the numerous contests \$500 in prizes will be offered. It will be decided at yesterday's meeting to increase the prizes up for the drilling contest, which will be one of the chief features of the sports. There will be two prizes instead of three, the winner to get \$200 and the next man \$50, instead of \$100, \$50 and \$25 as previously arranged.

SPECTACULAR FAIR EVENT

"Battle of the Plains" Will Furnish
Thrills for Thousands at Inland
Empire Show.

The program for the "Battle of the Plains," which will be the main amusement attraction at the Inland Empire exposition was announced today by Secretary Horace S. Ensign. The big spectacle will be given under the personal supervision of President J. G. McDonald and promises to be the greatest innovation in the history of the Utah Fair association. The program calls for a great fire-works display, including a battle participated in by the pioneers, who were crossing the plains in the early days, and the large band of Indians who attack the caravan after camp has been made for the night.

One hundred Indians from the reservation will be specially drilled for several weeks in advance and will be camped for the entire week of the fair inside the race track enclosure where the battle occurs. The white men who are to take part are now being selected and will include many of the old Indian fighters of the early '90s.

SALT LAKE MAN SPEAKS

Brigham H. Roberts Makes Interest-
ing Talk in Tabernacle on Og-
den Sunday.

(Special to The Herald-Republican.)
Ogden, Aug. 15.—Brigham H. Roberts of Salt Lake City was the only speaker at the tabernacle services in this city this afternoon. The services were well attended and a special program of music added to the interest. Mr. Roberts read his text in the words of Paul to the effect that God would judge every man according to his deeds.

He dwelt on the infinite varieties of men in the world and argued from this that there must be an infinite variety of judgments. From this basis the speaker elaborated the Latter-day Saints' doctrine of the hereafter and the endless progress. The discourse was largely doctrinal and was listened to with close attention.

Ogden, Aug. 15.—The controversy between the Ogden & Salt Lake Railway company and the Ogden Rapid Transit company over the crossing on Lincoln avenue at Twenty-fourth street will be brought to the attention of the city council tomorrow night and is expected to cause considerable discussion. The contention is taken by many that the Rapid Transit company should not be permitted to occupy the crossing until they are ready to extend their system. On the other hand their franchise authorizes them to build a street car line and to use the crossing to look after their interests.

The committee on railroads and telegraph lines, which has had the matter in hand, has not been able to agree upon a report, and the question will go up to the council. The telephone company wants a higher rate scheduled than the majority of the council are willing to give it, and claims it cannot do business on the proposed schedule of rates.

SPECIAL POLICEMEN ARE NEARLY ALL DISCHARGED

Fifty of the seventy-five men who were employed by the city as special policemen to work during the G. A. R. encampment turned in their clubs and badges to Lieutenant John H. Wells today. The remaining twenty-five men will be kept in service until Aug. 23. Sunday night Lieutenant Hengel said: "The men we had in service during the encampment, although some were exceedingly good, did excellent service for the city. During the time when the great crowd was in the city we had very little trouble, which I think is due to the efficiency of the police force."

ANGRY HUSBAND USES KNIFE ON INTRUDER

Richard Downey was taken to the emergency hospital in the city jail early this morning, bleeding from a cut about an inch deep extending from the back of his neck to the lower angle of his jaw, which was inflicted by Herman Weiss, a cigarmaker. Weiss, who has a wife living at No. 4 Shubertine court, went to his home this morning and found Downey in the house with his wife. The doors to the house were locked, and after breaking two windows, Weiss gained entrance to the house. Downey, who was alone, ran to a room occupied by George Niles. He pounded on the door and begged to be admitted. Niles let him in and locked the door.

In a few minutes Weiss appeared at the door, and after securing admittance, he turned on the light and shouted, "Well, I've got you now!" He made several slashes at the man and finally struck him in the back of the neck with the blade of a large pocketknife. Can't you eat, sleep or work? Bad liver? PIONEER MONUMENT FOR BRIGHAM IS PLANNED

(Special to The Herald-Republican.)
Brigham, Aug. 15.—The proposition of erecting a pioneer monument in this city has been agitated to some extent during the past week. The matter has not been acted upon in an official way, but will be taken up by the city council. The location, as suggested by prominent citizens, is on the corner of Forest and Main streets, in front of the county courthouse.

Rudolph Kaiser, who has charge of a fund of \$25,000 derived from east and west side ball games the past two seasons, has consented to use this money to head the subscription for the monument. There is no doubt that the matter will meet with the approval of all city officials. It is proposed to make the monument an ornament to the city.
